

Krezia Mica Musni

PROCESS ENGINEER

Certified Lean Six Sigma – Green Belt | ISO 9001 & 14001 Specialist

Göteborg, Sweden | 070-149 32 41 | kreziamica.musni@gmail.com

Professional Profile

Results-driven Process and Quality Engineer with over 10 years of international experience across manufacturing, financial services, and technology industries. Certified Lean Six Sigma Green Belt with a proven history of applying DMAIC methodology to drive operational efficiency, standardization, and continuous improvement. Currently based in Göteborg, Sweden, with extensive experience leading cross-functional collaboration within multicultural and global environments.

Core Competencies & Technical Skills

Methodologies: Lean Six Sigma (DMAIC Approach), Problem Solving (FMEA, 8D, Why-Why Analysis, PDCA), Agile, 5S.

Quality & Compliance: ISO 9001:2015 (QMS), ISO 14001:2015 (EMS), Basic Occupational Safety and Health (BOSH).

Engineering Tools: iGrafx, OpenText, Spotfire DXP, SAP S/4HANA (Requirements & Alignment).

Project Management: Jira, Confluence, Trello, SharePoint, Asana, Slab, LucidChart.

Professional Experience

Geely Europe Innovation and Collaboration AB | Göteborg, Sweden

Process & Quality Consultant | Oct 2025 – Present

- **Strategic Governance:** Spearheaded the development of a Document Management System (DMS) framework and governed QMS, EMS, and ISMS standards across HR, IT, and Finance shared services.
- **Operational Excellence:** Designed and standardized end-to-end processes to enhance service consistency and accountability; 90% improvement in process clarity observed through stakeholder feedback.
- **Performance Engineering:** Mapped detailed process activities and implemented KPI structures that improved performance visibility and documentation quality by 80%.
- **Systems Transformation:** Acted as a key liaison for SAP S/4HANA improvement initiatives (Dunning and Order Management), successfully aligning business requirements with technical operational teams.

Swooc Games | Florida, USA (Remote Independent Contractor)

Business Process Analyst | Jun 2022 – Mar 2024

- **Documentation Overhaul:** Modernized key process documentation and organizational structures using Asana, Slab, and LucidChart to drive continuous improvement.
- **Global Efficiency:** Developed project plans that directly increased business process efficiency by ~50% while coordinating with multicultural personnel across multiple time zones.
- **Process Standards:** Served as the lead for presenting improvement solutions to internal stakeholders, utilizing DMAIC principles as the organizational standard.
- **Stakeholder Coordination:** Acted as the central point of contact for presenting and coordinating process improvement solutions, establishing DMAIC principles as the organizational standard.

Wells Fargo Philippines | Manila, Philippines

Senior Process Engineer – Business Process Management Department | Jan 2021 – Jun 2022

- **Lean Engineering:** Applied SIPOC, Customer Focus, and Fishbone diagrams to optimize workflows for diverse business units and offshore teams.
- **Quality Performance:** Maintained a "First Time Right" status with 100% accuracy on all assigned change requests while managing high-volume SLA outputs.
- **Gap Analysis:** Collaborated with subject matter experts in India and the USA to identify efficiency opportunities and create procedural documentation via iGrafx and OpenText.

- **Change Management & High-Volume Delivery:** Recognized as a highly commended team member for managing the highest volume of Jira tickets related to change management, successfully implementing improvement opportunities based on actual BAU work.

Jollibee Foods Corporation | *Manila, Philippines*

Systems Officer – Restaurant Systems Department | *Jun 2019 – Sept 2020*

- **System Completion:** Directed the systemwide Greenwich store Restaurant Operating System rollout, increasing completion from 56% to 100%.
- **Lead Optimization:** Project lead for electronic shift management, achieving a 70% reduction in Takt time for administrative tasks.
- **Crisis Management:** Led the nationwide implementation of COVID-19 safety protocols and guidelines across all store locations.
- **Lifecycle Management:** Directed research, pilot testing, and full lifecycle implementation of emerging customer service models and operational systems.
- **Performance & Customer Experience:** Monitored and evaluated critical store performance metrics including FSC, QiCore, GSC, and NPS targets, while evaluating existing service systems (e.g., cashiering, dining area management, and KRA) to implement programs for potential improvements.

Toshiba Information Equipment (PH), Inc. | *Manila, Philippines*

Quality Assurance Engineer – Mobile Quality, SSD & PCB QA Department | *Jun 2015 – Feb 2019*

- **Compliance & Auditing:** Ensured strict adherence to ISO 9001:2015, SA8000, and ISO 14001 standards through regular quality checks and 5S programs.
- **Root Cause Analysis:** Led 8D analysis for quality claims and 5M1E investigations to resolve in-line quality issues.
- **Defect Prevention:** Supervised defect analysis during inspection to mitigate and prevent "Not Good" (NG) units from advancing in the manufacturing process.
- **Customer Relations & Strategic Roadmaps:** Led all customer-related activities including pre-audits, monthly reports, and Action logs, conducting deep-dive root-cause analysis on customer claims to define improvement roadmaps and prevent recurrence.

Education

Bachelor of Science in Industrial Engineering

Polytechnic University of the Philippines | *2010 – 2015*

Training and Certifications

- **Lean Six Sigma Certification – Green Belt** (Wells Fargo, Dec 2021)
- **ISO 9001:2015 Internal Auditor Training** (Neville Clarke Philippines, Jul 2017)
- **ISO 14001:2015 EMS Internal Audit Course** (SGS Philippines Incorporated, Dec 2016)
- **Basic Occupational Safety and Health** (White Cliff Health and Safety Services, Jan 2017)
- **Agile Project Management** (Jollibee Foods Corporation, Dec 2019)
- **Innovative Thinking System** (Jollibee Foods Corporation, Nov 2019)
- **Effective Root Cause Analysis** (Neville Clarke Philippines, Sep 2018)
- **Failure Mode, Effect and Analysis (FMEA)** (Toshiba Information Equipment, Jun 2018)
- **Management Innovation Training – Six Sigma Methodology** (Toshiba Information Equipment, Mar 2018)
- **Effective Management of Corrective Action** (Neville Clarke Philippines, Feb 2018)
- **Why-Why Analysis Training** (Toshiba Information Equipment, Jun 2017)
